

MEMORIES OF SPECIAL PEOPLE

“Miriam Olson”

A HUG

Written by Virginia Dinkel

A hug is when someone puts his or her arms around one's waist or shoulders with a little squeeze (a big squeeze makes it a bear hug).

A hug's emotional response – an expression of thanksgiving, sorrow, understanding, welcome, appreciation and many other emotions.

Miriam Olson was a quiet, dignified person, but she always had a hug for me each time we met.

Thank You, Miriam, for your hugs.

I miss them.
